

Free Books for Kids

United Way for Southeastern Michigan is creating successful adults, by kindergarten.

You and your child can participate in one of our many early childhood activities that offer free books for kids and free – and fun – activities for parents.

Children are more successful in life when they are read to from birth. United Way is helping parents make the most out of reading time through the **Imagination Library***.

Imagination Library provides free books for children from birth to age 5. It is available in targeted communities that have an identified need for early childhood education and support.

Benefits include:

- One free book each month mailed to the home, up to age 5
- A graduation book on the fifth birthday to help the transition to kindergarten
- Free newsletter, website, and other learning materials for parents

Imagination Library Registration Form (please print)

To submit form:

Fax it to United Way:
